

AQUA AROMA TANK SERIES

AQUA AROMA AND AQUA AROMA CREMA – OPTIMISED FOR MOBILE COFFEE MACHINES

The AquaAroma and the AquaAroma Crema filter cartridges reduce carbonate hardness in drinking water and protect espresso machines and coffee machines against scale build-up. The filter material reduces the level of substances that impair the smell and taste such as chlorine.

With the AquaAroma Crema the taste can be optimised by adjusting the Aroma setting to the local carbonate hardness. The cartridge filters the water just before activating the brewing process.

AquaAroma filter cartridges are suitable for use in specially designed or retrofitted tank systems, and also for mobile coffee machines with an integrated water tank. They filter water while filling the water tank. Thus, the entire volume of the water tank is filled with filtered water.

THE BENEFITS TO YOU

AquaAroma Crema

- Can be fitted in the water tank horizontally
- Water quality can be adjusted by using the Aroma ring – according to local water quality
- Constant water pressure and temperature during brewing

AquaAroma

- Reduced service costs
- Lower running costs
- Direct distribution by the operator
- Easy filter exchange – simply by the user

PURE COFFEE ENJOYMENT

AquaAroma Crema

Filter cartridge suitable for use in coffee machines with specially designed integrated water tank systems (suction operation).

The Aroma ring of the AquaAroma Crema adjusts the filter performance perfectly to the local water conditions. To identify the right adjustment for the respective hardness, indicator strips will be delivered with every cartridge.

AquaAroma Crema filter cartridges are suitable for use in coffee machines with specially designed integrated water tank system – the water is sucked through the cartridge.

The food safety of BRITA Professional water filter products is tested and monitored by independent institutes.

AquaAroma

Filter cartridge suitable for use in coffee machines with tank-in-tank system (gravity operation).

AquaAroma filter cartridges are suitable for use in specially designed or retrofitted tank systems, and also for mobile coffee machines with an integrated water tank. The food safety of BRITA Professional water filter products is tested and monitored by independent institutes.

	AquaAroma Crema	AquaAroma
Technology	Decarbonisation	
Dimensions Cartridge Pot	42.8/106.9/60.8 mm (W/H/D)	89.6 mm (Diameter cartridge pot)/36.2 mm (Height cartridge pot)
Water intake temperature	4 – 30°C	
Order number	101831 (Pack 1) 1001368 (Pack 60)	216000 (Pack 1)/235600 (Pack 6)

Typical capacity - taking account of the local carbonate hardness - AquaAroma Crema

Adjustment flavour setting	Definition	Capacity ¹	Cups 35 ml	Cups 130 ml	Cups 150 ml
Level A	soft water	220l	6,300	–	1,470
Level B	medium hard water	150l	4,300	–	1,000
Level C	hard water	80l	2,300	–	540

Typical capacity - taking account of the local carbonate hardness - AquaAroma

Carbonate hardness	Capacity ¹	Cups 35 ml	Cups 130 ml	Cups 150 ml
6 °dH	242 l	–	1,860	1,610
8 °dH	181 l	–	1,390	1,210
10 °dH	145 l	–	1,120	970
12 °dH	120 l	–	930	810
14 °dH	103 l	–	800	690
16 °dH	90 l	–	700	600
18 °dH	81 l	–	620	540

Explanatory notes

¹ The capacities given have been tested and calculated on the basis of normal application and machine conditions. Due to external influences (e.g. varying water quality, usage and/or machine type) deviations from these results can occur.

Only drinking quality water may be used as the water supply for BRITA water filters.
